Child Care Research Paper

Sample Research Paper: Caring for a child is a genuine responsibility that parents cannot take lightly. There are two main purposes of child care in the American family today: mother's employment and the children's development. Parents demand affordable child care at the same time as they cannot afford to compromise on quality (Scarr, 1998, 95). Given that a child's development is of utmost importance to them, they must choose day care centers and/or child care providers with caution.

Research Paper: Child Care Centers

The Administration for Children and Families (ACF) has a long history in child care research, with child care studies that date back to the early 1970s. These early studies laid the foundation for ACF's current child care research agenda, which is designed to help decision makers in crafting child care policies that support positive outcomes.
