I have an Epson Perfection 3170 Photo scanner. It is a fine scanner that has served me well for many years through many different operating systems, Windows as well as Mac OS X. The scanner software is no longer supported by Epson for OS X Lion. The only way I can now scan is by using the drivers that are built into the OS.

Specifications - Epson Australia

Epson indicates that the most recent driver is compatible with Windows 10, regardless of the fact that the driver was released in 2007: If the driver doesn't work with Windows 10, your issue is with Epson, not Microsoft. It's a very old scanner, as there are drivers on the Epson site dating back to Windows 98.
