Statecraft is examined comparatively among the eight and focuses upon the relevance of their legacies to contemporary world politics in its ethical, political and strategic dimensions. The course examines the relationship of moral reasoning and the study and practice of world politics.

The Politics and Ethics of Statecraft | Harvard Kennedy School

This text offers "a set of portraits of key leaders struggling with great moral issues in critical political settings". The use of political biographies to illustrate the exercise of statecraft during periods of war, in peacemaking and in times of major change cuts to the heart of the role of ethics in the decision-making process and in international affairs.
