International taxation  
is the study or

# Get Free International Company

determination of tax on a person or business subject to the tax laws of different countries, or the international aspects of an individual country's tax laws as the case may be.

Governments usually limit the scope of their income taxation in some manner territorially or provide for offsets to taxation relating to extraterritorial income.

Search Tips, Phrase

# Get Free International Company

Searching You can use double quotes to search for a series of words in a particular order. For example, "World war II" (with quotes) will give more precise results than World war II (without quotes). Wildcard Searching If you want to search for multiple variations of a word, you can substitute a special symbol (called a "wildcard") for one or more letters.

Company  
Tax Issues Should Be  
Read by Business  
Executives To most  
executives, scholars,  
and teachers, global  
taxation may appear to  
be an obscure topic.  
But actually, it is  
central to global  
decision-making  
because most foreign  
direct investment (FDI)  
and global operations  
these days are biased  
by tax considerations.
