You simply need to register and activate your free account, browse through the categories or search for eBooks in the search bar, select the TXT or PDF as preferred format and enjoy your free read.

## **Selenium Testng Hybrid Framework**

We can create three types of test framework using Selenium WebDriver. These are Data Driven, Keyword Driven, and Hybrid test framework. We can

# Download Ebook Selenium Testng Hybrid Framework

achieve Data-driven framework using TestNG's data provider. In Keyword driven framework, keywords are written in some external files like excel file and java code will call this file and execute test cases.

## **Selenium Automation Framework: Data Driven, Keyword Driven ...**

Hybrid Driven Framework is a combination of both the Data-Driven and Keyword-Driven framework. Here, the keywords, as well as the test data, are externalized. Keywords are maintained in a separate Java class file and test data can be maintained either in a properties file/excel file/can use the data provider of a TestNG framework.
