St Kilda, Victoria - Wikipedia

St Kilda was continuously inhabited for two millennia or more, from the Bronze Age to the 20th century. However, little is known of the early history, the first written record of which dates from the late 14th century when John of Fordun mentions 'the isle of Irte, which is agreed to be under the Circius and on the margins of the world'. The islands were historically part of the domain of the MacLeods of Harris whose steward was responsible for the collection of rents in kind and other duties. T
