OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

### The American Institute Of Homeopathy

The American Institute of Homeopathy, the oldest extant national physicians' organization in the US, has promoted homeopathic medicine as a medical specialty since 1844. Our members are licensed physicians (medical, osteopathic, and naturopathic), dentists, veterinarians, nurse practitioners, physician assistants, pharmacologists and pharmacists and all of us are trained in homeopathic medicine as well as the medical/dental training required for our respective license.
