Toilet Paper Roll Over Or

Toilet paper rolls were invented in 1891 and renderings show the tearable sheets in an "over" position. Maker told INSIDER it's all about personal preference. Visit INSIDER's homepage for more stories. When you walk into the bathroom, you probably aren't paying much attention to the toilet paper until you reach to use it.

Toilet paper rolls: The over-vs-under debate explained ...

If you're spinning the roll backward, you won't see the toilet paper until it's already crept down the back of the wall. By this time you'll have to reroll or use an unnecessary amount of toilet paper (which could clog your toilet - your problems are multiplied). Homeowners usually hang toilet paper holders at a 55-65 degree angle from our line-of-sight (this depends on the height of the person, the height of the toilet, and the position of the holder on the wall).

Toilet Paper: Under or Over Etiquette (Get It Right!)

The in-depth look into the advantages and disadvantages of each toilet paper orientation was created as part of a viral marketing campaign for Engineering Degree, a resource for would-be engineers...

Over or under? The science of toilet paper orientation - CNET

Toilet paper has two possible orientations when the roll is parallel to both the wall and the floor: The toilet paper may hang over or under the roll. Some people hold strong opinions about which is better. Advice columnist Ann Landers said that the subject was the most controversial issue in her column's history and, at 15,000 letters in 1986, provoked the highest number of responses. Defenders of either position cite advantages ranging from aesthetics, hospitality, and ...

Toilet paper orientation - Wikipedia

Read it and weep (Image: Choice) It's decided (Image: Choice) "So, at risk of permanently losing members, we're here to announce that 'over' is the correct way to hang toilet paper." The number of...

Over or under? Toilet roll debate finally settled thanks ...

Yes, toilet paper. Poll a room full of people about whether the toilet paper should hang over—when the loose end of the paper drapes over the roll, toward you—or under—when the loose end of the paper hugs the wall behind the roll—and you'll get surprisingly strong opinions.

The scientific answer to the over-under toilet paper ...

According to an 1891 patent by New York businessman Seth Wheeler, the end of a toilet paper roll should be on the outside, or in the "over" position. (Advocates of the "under" position, take note: better flip that roll over when you get home.)

This 124-Year-Old Patent Reveals The Right Way To Use ...

There are two ways to hang toilet paper: 1) over (with the loose end draped over the top) and 2) under (with the loose end hanging inside next to the wall). Most offices hang it "over" but I've...
