An Overview of Sustainable Development in Africa

Why innovation in Africa is different, and how it is the same. The countries of Africa are much further from the development frontier than China. So, by economic theory, they should be able to gain even more from investments in adapting and adopting innovations.

Euromodel - ENVIRONMENT AND DEVELOPMENT page 3 of 41 1. INTRODUCTION The purpose of the text „Development and Environment“ is not only to provide necessary data, information and knowledge, but also to find relations and consequences in depth, ways to find solutions and to show possible courses of development assistance.

ENVIRONMENT AND DEVELOPMENT - Ostravská univerzita

A healthy environment plays a key role in meeting many of the 17 Sustainable Development Goals. With a little over 10 years left to meet the target date of 2030, the world will need to pick up the pace and put greater efforts in finding better solutions to pollution, climate change and biodiversity loss in order to truly transform societies and economies.
