Globalization of World Politics: An Introduction to ...

The expanding epidemic of AIDs and other deadly diseases due to amplified cross-border movement is a social problem of globalization changing the role of the state. In 1988, just seven years after AIDs was recognised, there was 150,000 cases worldwide and more than 400,000 by 1991 (Baylis & Smith, 1999: 25).

The Contemporary World: Globalization of World Politics

Globalization is happening in various aspects, ranging from economics, politics and even to food or culture. Westernization, to some schools, is seen as a form of globalization that leads the world to be similar with Western powers. Being globalized means taking positive aspects of the world, but globalization also brings about the debate about ...

Origin and evolution of international relations

Neoclassical realism is an approach to foreign policy analysis. Initially coined by Gideon Rose in a 1998 World Politics review article, it is a combination of classical realist and neorealist – particularly defensive realist – theories.. Neoclassical realism holds that the actions of a state in the international system can be explained by intervening systemic variables, such as the ...
