### **Strategy in the Contemporary World - Google Books**

This edition explores the role of military power in the contemporary world and the changes that have occurred over the last decade. It examines the debates about whether there has been a revolution in military affairs and the future of warfare, given the phenomenal pace of innovation in electronics and computer systems, which is often referred to as cyberwar.

## **Introduction: Strategy in the Contemporary World ...**

Summary. Strategy in the Contemporary World looks at the development of strategy, considering the role of military power in the contemporary world, and assessing the future of strategy in light of fast-paced technological change. The fourth edition looks at issues from both times of war and of peace, analysing both conflicts themselves, and the on-going debates about what can be learned from them.
