Belbin Team Role Theories Notion

Role theory is the sociological study of role development, concerned with explaining what forces cause people to develop the expectations of their own and others' behaviors. According to sociologist Bruce Biddle (1986), the five major models of role theory include: Functional Role Theory, which examines role development as shared social norms for a given social positions.

Role - Wikipedia

Team building potentially includes a very wide variety of methodologies, techniques, theories and tools. And also values and philosophy. At the foundation of good team building is compassion and humanity - genuine care for others. This is what sustains and fuels people in organizations.

However, it is also often linked to some other role such as manager or expert. Here there can be a lot of confusion. Not all managers, for example, are leaders; and not all leaders are managers. In the recent literature of leadership (that is over the last 80 years or so) there have been four main 'generations' of theory: Trait theories.

Classical models of managerial leadership: trait ...

Team Role Theory (Meredith Belbin). As part of the development process, which it is suggested a leader has to facilitate, is the recognition that each team member may have a specific team role, a set of attitudes and aptitudes that they bring.
