If you want to add an example within a bullet, keep it to a maximum of three items. Go beyond that and your reader's eyes will start to glaze over. I don't expect you to add brainstorming resume bullets to your list of hobbies. However, if you're willing to put the time in to make them stronger, your application will be more memorable.

How to Write Resume Bullets That'll Get Attention | The Muse

First, break out of the regular ol' one-column layout and experiment with two-column layouts. As you're rearranging your key phrases on the slide, don't forget to delete the bullet points altogether. Those little circles are chartjunk. Step 2. Add One Visual Per Key Point. Then, add one visual per key point.

How to Visualize Demographic Data: From Boring Bullet ...

Normally the tab key is the shortcut to demote paragraphs and bullet hierarchy. I am finding that if I use the default template the tab key works fine to demote. If I make any modifications from the default template—change fonts, bullet colors, or any other minor change, then the tab key doesn't demote and show the bullet.

> I'll confess that I don't know that type of modelling FS2020 is using. But given how it feels, and how it's the child of FSX, I'm inclined to think it's using a lookup table. This isn't necessarily a problem — a good lookup table with many data points could be just as good, if not better than, a blade-element model.
