A building designer is not the same as an interior designer — a building designer is concerned with safe structures that won't collapse. Building design also is different from what is known as design-build. Although they are both types of processes, Design-Build is a team approach to building and design where the building contractor and building designer work under the same contract.

How To Be a Certified Professional Home Designer

Ohio's Division of State Fire Marshal, located in Reynoldsburg, is the oldest established office of its kind in the United States. The Division's mission is to safeguard the public, its property and the environment from fire and related risks through education, regulation, investigation and enforcement.
