LAB MANUAL - vvitengineering

A real-time operating system (RTOS) is an operating system (OS) intended to serve real-time application requests. A key characteristic of a RTOS is the level of its consistency concerning the amount of time it takes to accept and complete an application's task; the variability is jitter. A

The do-it-yourself autopilot. kOS, or Kerbal Operating System, is a community-supported mod for the popular game Kerbal Space Program. kOS is an autopilot you script yourself. kOS is to programming, what Kerbal Space Program itself is to rocket science. You don't have to know what you're doing to get

Download Free Operating System Lab Manual Doc

started, but you may find yourself learning a lot by accident as you play with it.
