Your radiator cap is a small part that plays a big role in keeping your engine from overheating. There are several warning signs that your radiator cap is not working right: 1. You have a coolant leak: If your coolant is leaking, it could mean your radiator cap is bad. If the cap isn't releasing excess pressure properly, that pressure can force the coolant to leak out at the point of least ...

Used cars from USA are well-maintained. Well-maintained US roads mean well-maintained US vehicles. Also, because the US government imposed strict and compulsory laws for personal vehicle maintenance, our customers know that second hand cars on sale are in excellent running condition. Used cars are generally sold in much lower prices.
