Most textbook publishers release new editions of their textbooks every three to four years. These new editions will occasionally have substantial changes but are often not very different from the ...

Difference Between Editions of Textbooks | Synonym

Norman Matloff has written a mathematical statistics textbook for computer science students that's free. Kind of a niche market, I suppose. For what it's worth, I haven't read it, but Matloff has a Ph.D. in mathematical statistics, works for a computer science department, and wrote a really good R book, that I recommend for people who want to go to the next stage of programming R better (as ...
